

Update on Hospital and Clinic Status

Faulkton Area Medical Center has begun providing services to the Hoven Community three days a week. Please make your copayments to FAMC-Hoven Medical Clinic.

Dr. Nathan Kadlec will continue to provide service at the Hoven Clinic on Tuesday and Thursday morning.

I would like to offer to the community a 20% discount on any bills that they have due to Holy Infant Hospital and Hoven Medical Clinic. This is for

any visits up to 10-31-10. This discount is effective until 12-31-10.

The medical records from Hoven Medical Clinic have been transferred to Faulkton Area Medical Center and will be housed at Hoven.

Thank you for your patience and cooperation during this transition. I appreciate your phone calls and we will have personnel available until December 2010, as we close down the hospital and clinic.
